### Land Stewardship

From it's inception, the league and its members have been advocates for conserving, protecting and enjoying our country's incredible array of natural resources. Our active engagement coupled with our practical approach to problem solving has made a difference from town halls to Capital Hill for more than 90 years.

### Regional Conservation Initiatives

Throughout the country, the Izaak Walton League is restoring watershed, reducing air pollution, protecting wildlife habitat and open spaces, and installing conservation ethics in outdoor recreationists.

### Brunswick – Jefferson Area District Park

In 2010, our chapter consulted on the preliminary master plan of the Brunswick-Jefferson Area District Park project. This extensive open space project will provide the community with natural trails, primitive campsites, meadows, as wells as recreational fields for local teams and organization.

### Serving and Education since 1923

Founded in 1922, the Izaak Walton League, is one of the nation's oldest and most respected conservation organizations. Today, with a powerful grassroots network of nearly 270 local chapters, the league takes a common-sense approach toward protecting our country's natural heritage and improving outdoor recreation opportunity for all Americas. The Frederick Chapter was chartered in September 1923. It is the first Chapter in Maryland and is one of the oldest chapters in the nation.
